Bruno's Curb-Sider is the world's most popular means of lifting and transporting scooters or powerchairs inside a vehicle using a hoist. Stand near the bumper or curb, connect the docking device, push a button and the Curb-Sider lifts and stores a mobility device up to 450 lb/204 kg. With a compact design, the Curb-Sider requires minimum space.

- Power lifting, lowering, rotating for effortless operation
- Offset post design allows loading of mobility device from side of vehicle
- Telescoping version provides additional extension to clear bumpers and load wide mobility devices in smaller openings (VSL-6900)
- Fold-down lift head allows partial 3rd row seating or extra space when mobility device is not present (optional quick release pins required)
- Vehicle-specific bases for precise installation
- Passenger or optional driver side placement
- Potential to reinstall in another applicable vehicle*
- Potentially eligible for auto manufacturer rebate*
- 3 year limited warranty

* Contact Bruno dealer for details.
